

School Rules- COVID-19

All of the normal school rules and expectations will still apply with the following additions, which are to make sure **everyone in our school community is as safe as possible**.

Some of these new rules will make some aspects of learning and your wider school life more challenging and we will all need to work together for these new measures to be successful.

The school understands that it isn't possible to follow all of the rules (particularly relating to spacing) all of the time but you should try your best.

Social distancing and moving around site

I will:

- ... respect the personal space of other students. I will give them as much space as possible in lessons, around site and at social times.
- ... respect the personal space of all staff in the school. I will avoid going near to teachers and other adults.
- ... face forwards in my lessons and avoid being face to face with other students.
- ... remain within my year group bubble in the designated areas at social times.
- ... not mix with students from other year groups at any time in school. If I see them around site I will not stop and interact with them. I will move away promptly.
- ... make my way to my designated zone at the start of social times. I will only access the canteen when students in my bubble are directed to do so by a member of staff.
- ...only use the toilets within my designated zone at social times.
- ... follow the one way system.
- ...arrive at school at the correct time for my year group and not congregate with students from other year groups. I will move straight to my tutor line.
- ... leave school promptly at the allotted time for my year group. I will not wait for students from other year groups.

Hygiene

I will:

- ... wash my hands, using the sanitiser provided, when I enter and leave any classroom.
- ... work with my teachers to ensure the process of cleaning my area in the classroom is completed at the start/end of a lesson.
- ... cough or sneeze into my elbow or a tissue. Remember. 'Catch it, Bin it, Kill it'
- ... **NEVER** deliberately cough directed at anyone- staff or other students.
- ... not spit.
- ... make sure I am fully equipped for all of my lessons. I will not be able to borrow equipment from any other students.

I understand that the rules set out above are in place to ensure, **as far as is reasonably possible, the safety of all members of The Marches School community**. If I choose to break these rules it will be taken incredibly seriously by the school and I may not be allowed to continue to be a part of the normal school community.
